

Commercial Solicitation on Campus

All soliciting done on the University premises must be approved by the Director of Business Services, except for the sale of newspapers in the dormitory and housing areas, which is subject to the approval of the Director of Housing, and certain approved activities sponsored by student organizations. Details on how to obtain this approval may be found at <http://www.vpfa.fsu.edu/policies/bmanual/comsol.html>.

The University also has a strict policy for Posting, Promotions, Advertising, Chalking, and the Distribution of Materials on the FSU Campuses. Students may not post any material used for the purpose of advertising, regardless if promotional, commercial or informational in nature, on any object. Complete details for this policy may be found at <http://union.fsu.edu/posting.html>.
